SHIPPING METHODS & CHARGES

Rojone uses three methods for shipping orders to customers.

- o Australian Air Express (Airbags) - Used for small articles up to 5 KGs
- o Toll Ipec Road Transport - for larger orders & cable supplies
- o United Parcel Services (UPS) for international orders.

Cost of shipping is typically kept to a minimum or charged at cost based on the item & volume ordered.

AUSTRALIA WIDE

A\$16.50 per delivery inc GST

Apply to orders up to 5KG in weight & can be shipped in a standard sir satchel.

A\$27.50 per delivery inc GST

Applies to orders containing a roll of cable (Max 10.5mm outside diameter up to 100 Mtrs) Mobile antennas up to 40 pcs, small quantity of base station antennas & 1-2 grid type antennas. Also cable assemblies, with a maximum combined cable length of 100mtrs.

A\$..... Shipping at cost

Applies to all other large cable orders, larger quantities of antennas, grid antennas where cubic rates may apply.

FREIGHT SHIPPED COLLECT - Rojone is happy to ship goods collect using your nominated freight carrier. Please notify us of your carrier and account number at time of ordering so we can make arrangement for shipping as specified. No packing and handling charges apply for using your own freight carrier.

SAME DAY SHIPMENT - From time to time, we receive customer request for same day shipment of orders. We can accommodate these requests on most occasions. Shipping same day attracts much higher freight rates which will be charge at cost.

INTERNATIONAL SHIPMENTS

Rojone has negotiated competitive rates with Federal Express international carriers. Goods being shipped internationally, unless otherwise request will be sent on our account and charged to our customer at cost.

Federal Express is a door to door service, including pick at our factory, customs clearance and delivery to your office or factory. This prepaid service EXCLUDES destination taxes and duties, these are always payable by the receiver.
