ST221R

Mobile omni antenna, 0 dBd gain, radome, 132-174 MHz

- Designed for a wide range of mobile applications
- Low profile, radome-enclosed design, narrow bandwidth
- Applications include: trains, taxis, police cars, emergency vehicles, buses and trucks

Sinclair's Excaliber ST221R series of antennas are low profile antennas designed for a wide range of mobile applications. Their design renders them relatively inconspicuous and resistant to damage. They have become a North American standard antenna for railroad locomotive service.

A minimum 48" x 48" ground plane is required.
