Rojone Pty Ltd is committed to meeting the needs and expectations of our customers by delivering safe, conforming, and reliable interconnect and wireless solutions through the effective implementation of our Quality Management System.

We are committed to:

- Meeting all applicable customer, statutory, regulatory, and contractual requirements
- Ensuring product safety and reliability throughout all stages of manufacture
- Conducting business ethically and with integrity
- Applying risk-based thinking to protect product conformity, delivery, and customer satisfaction
- Delivering products that conform to approved specifications, drawings, and purchase order requirements
- Establishing and reviewing quality objectives that drive continual improvement
- Maintaining an effective Quality Management System that complies with ISO 9001 and AS9100 standards
- Ensuring personnel are competent, trained, and accountable for the quality of their work

This Quality Policy is communicated, understood, and applied at all levels of the organisation and is available to relevant interested parties.
