

## Dual Polarised Omni Directional Antenna

(Model: A-960-XP-2400)

### Description

A-960-XP-2400 is a dual polarised omni directional antenna which covers the 2.4-2.5 GHz band. It has been designed for mining applications, and is an ideal choice for mobile Wi-Fi systems.

### Specifications

Frequency Range	2.4-2.5 GHz
VSWR	<=1.5:1
Input RF Power	10W max.
Gain	2dBi @ vertical direction -4dBi @ horizontal direction
Connector	N Female, other connector types available on request.
Weight	-
Size	90mm x 130mm max.

### Typical Performance

#### VSWR Test
